

FROM THE BOARD . . .

10-25-23

First, my apologies to the members for not communicating sooner about UNIT 1. There are many items that need to be verified before we can proceed with the sale so we are being extra cautious. There are many i's to dot and t's that need crossed. As you are aware, unit 1 is going to be sold. It's a 2 bedroom/2 bath unit and it is only 800 sq.ft. It has been cleaned and is ready for our members to view on 4/5 November between the hours of 12pm and 5pm both days. Again, our main goal is to sell the unit and use the proceeds to pay down our mortgage. MEMBERS cannot purchase this but your relatives and friends can. There will be a vetting process to make sure the buyer(s) qualifies and is financially able to handle the expenses of the property. You will be notified when we are ready to accept bids.

Bruce
